Chrome & Stainless Steel

Stony Tire carries a large assortment of stainless steel wheel covers and lug nut covers for many applications in the trucking industry (trucks, trailers, fire trucks, R.V.'s and buses). Stainless steel and chrome plastic lug nut covers are available for most popular lug nut sizes and shapes. They look great in combination with our high hats or axle caps.

- Alignment of trucks and trailers
- Suspension repair
- Aluminum wheel polishing
- Air/Hydraulic & Electric brakes
- Federal annual DOT inspections
- P.M. Service (lube, oil, filters)
- Rubber Tracks for construction equipment
- Tire repair and replacements

**RELIABLE
Tires for all
Environments**

Commercial Tires • Retreads • Road Service • Alignment • Suspension & Brake Service • Wheel Polishing

Stop in for a
DEMO!

Make old wheels SHINE like new!

Why polish your wheels?

Safety Oxidized wheels camouflage cracks, polished wheels show dangerous defects.

Pride A well polished truck communicates the pride of its owner/operator.

Resale A well polished truck demands a higher price on the resale market, up to \$3000.

How often should you get your wheels polished?

Tire change intervals are the best time to get wheels polished because polishing at tire change intervals assures the old wheels can be properly inspected before new tires are installed. The overall effect of new rubber on polished rims is also very appealing.

STONYTIRE SALES AND SERVICES

Tires and Batteries

Stony Tire specializes in commercial and industrial tires, a variety of light truck, medium truck and industrial sizes. We provide major brands such as Hankook, Kelly, Cooper, Bridgestone, Firestone, Michelin, Continental, Yokohama and Goodyear in a variety of sizes and have national accounts billing available through Bridgestone, Michelin, Continental/General and Bandag. We carry retreads in many sizes and brands.

Stony Tire is an authorized dealer for Interstate Batteries. People who need dependable power for their heavy duty applications rely on Interstate Quality -- so much so, that ONE out of SIX commercial batteries sold today is an Interstate!

Road Service (708) 774-4800

Stony Tire provides 24 hour Emergency Road Service. We also provide fleet tire checks at local drop points. Stony Tire services the Chicagoland and NW Indiana areas.

No Sunday Road Service.

Repairs

Specializing in truck or RV repair, whether kingpin replacement or tie rod end replacement, air bags, air brakes, hydraulic brakes, drive shafts and all suspension parts -- we do it all, with the exception of internal engine & transmission work.

Alignment

Stony Tire's technicians have completed HUNTER® wheel alignment classes and continue to further their knowledge and education of truck/trailer equipment and repair. Our suspension department inspects, advises, quotes and repairs parts on truck, trailer or RV suspensions that could cause irregular wear to expensive tires.
